WELCOME TO AQUACALIDA

> Relive the discovery of the thermal spring, the creation of the spa at La Léchère-les-Bains and the creation of the Tarentaise's pioneering geothermal installations.

An exhibition dedicated to the thermal waters of La Léchère-les-Bains, geothermal energy and other forms of renewable energy.

> Discover the origins and uses of La Léchère's thermal waters through animated films.

> Reflect on today's energy challenges by taking part in a 4-player quiz.

> Meet Professor Carpentier, an expert in spa medicine.

Dive into the fascinating story of the waters of La Léchère, a fun exhibition to enjoy as a family, with a group or with friends.
